D.O. CC 14

OFFICE OF THE 27-8-21.

DIRECTOR OF INDUSTRIES AND COMMERCE,

Confidential.

Bangalore 24th August 192 1

Dtc. 81-21-1

My dear Sir,

27/8

During your inspection of the Central Industrial Workshops yesterday morning you were pleased to notice the paucity of work we are having at present and the need for a greater amount of Government work going to us. I might mention that in the Engineering line, the Public Works Department, more especially in the Water Supply Division, Krishnarajasagara Works, Sanitary Division, Architectural Division, Mysore: the Electrical Department, Mysore Railways, Agricultural Department and the Bhadravathi Iron - Works get a lot of their work done elsewhere, which we can very well do. One of the reasons assigned for such work being given out outside, are that our rates are very - heavy and that we do not keep up to time. Whatever may have been the mistakes hitherto I can assure you that the present management will take care to see that all orders are executed promptly and in time and as regards cost, - every effort will be made to work as cheap as possible. It may not be possible to compare our prices or quotations with those given by outside firms inasmuch as one cannot be sure of the materials &c used by them and in practice it always happens that they come and ask for extra rates after the orders are placed.

An order asking all the Departmental Heads to place their requirements and orders with us is not without precedent. In the matter of printing, Government might be aware they have passed orders asking that all work should be got done through the Superintendent, Government Printing.

While the analogy might not be quite similar, it seems necessary that in the interests of the workshop Government should now ask all departments to place their orders with us before placing them outside. I would request that suitable instructions might be issued to all the Departments concerned in the matter.

Yours sincerely,

C S Balasundaramayya

Rajasevadhurina Sirdar

Sir M. Kantaraj Urs, B.A., C.S.I., K.C.I.E.,

Dewan of Mysore, Bangalore.

Telegraphic Address:
"MYSIRON," BHADRAVATI.

OFFICE OF THE EXECUTIVE ENGINEER,
MYSORE IRON WORKS,
Dated Bhadravati, the.....7th October 1921
Mysore State.

FROM

THE EXECUTIVE ENGINEER,
MYSORE IRON WORKS,
BHADRAVATI, (SHIMOGA DISTRICT).

TO

THE SECRETARY TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE,
General Department, BANGALORE.

SIR,

In reply to your letter No. I.C.2033-7/I&C 81-21-2 dated 28th September 1921 calling for our views on the question of entrusting all our orders to the Central Industrial Workshop, Bangalore, I have the honor to state that I have no objection to do so. In fact, I have already placed orders to an extent of Rs 2500 with the workshop.

But there may arise a difficulty about the price. When we entrust all our orders exclusively to the Central Industrial Workshop, Private firms will not care to quote rates when they know that no orders will be placed with them. There will thus be practically no competition, and the Workshop being a Government concern, the tendency will be to charge any price the Workshop people like. To guard against this over-charge I propose that the customers are allowed to appeal if they think the cost is excessive. A committee consisting of the Director of Industries and two other officers having no connection with the workshop, but who have some experience of the workshop practice, may be appointed to hear the appeal and settle finally the rate that has to be paid.

I have the honor to be,
Sir,
Your most obedient servant,

13/10 Executive Engineer, Mysore Iron Works. 7/10/21

Enlarged.
The replies from the other heads of depts. may be awaited.
